

“Easily Manage Textbooks and Equipment with Booktracks. This is our objective at Book Systems, Inc. As part of my job, I work with the customers to help them with their Booktracks implementation. Listening to our customers, we make suggestions on the best workflow to improve their textbook management process. Below are some of the comments that our customers have made about Booktracks.”

Ann Fulmer
Booktracks Product Specialist
Book Systems, Inc. – Huntsville, AL

“Booktracks is an excellent tool for managing our college book loaning program. The Booktracks staff made implementation easy. The Booktracks support staff is a pleasure to work with. They are friendly, knowledgeable, and truly helpful. If they can't answer my questions immediately, they seem to take pleasure in problem-solving and finding the solutions I need.”

Travis Smith
Textbook Administrator
Herzing University – Brookfield, WI

“I have found Booktracks to be very user-friendly and effective in managing a school textbook collection, with a very helpful support network.”

Patricia Amatangelo
Reuther Middle School – Rochester Hills, MI

“We know who lost a textbook, how much that textbook cost, and now we're expecting to receive payment back for those.”

Dr. Fowler
Superintendent
Madison City Schools – Madison, AL

“Madison City Schools saved approximately \$250,000 within the first year by using Booktracks to track textbook distribution.”

Bob Lipinski
Textbook Coordinator
Madison City Schools – Madison, AL
